Taylor Swift Visits Sweetheart Conor Kennedy At School

Romance in Western Mass

Greenfield, MA- Taylor Swift enjoyed the past weekend with boyfriend Conor Kennedy on his temporary "home turf" in Western Massachusetts. Kennedy (18), a Junior at Deerfield Academy, showed girlfriend Taylor Swift (22) around his countryside stomping grounds in Western Massachusetts.

The two were seen smiling together at various locations throughout Franklin County during the course of her weekend visit. The romantic tour included antiquing in Historic Deerfield, candlelight dinner at Taylor's Tavern in Greenfield, a healthy lunch at the Montague Bookmill, a less healthy, but tasty, stop at Adam's Donut, and a Deerfield farmstand stop where Conor generously bought massive pumpkins for a family with 3 year old twin daughters. Swift was seen wearing various country sundresses throughout the weekend, while Kennedy sported loose shorts and a button up on Saturday, and a Barefoot Truth shirt on Sunday. Local residents described the couple as "so nice".

Franklin County has been no stranger to celebrity sightings this year. The summer kicked off with sightings of Josh Brolin at Greenfield Coffee and Hope & Olive during his filming of "Labor Day" with Kate Winslet. Parts of "Labor Day" were filmed in various locations throughout Shelburne, Greenfield, and Montague.
